SenSInViaggio, a New Idea of Travelling

SenSInViaggio is a new project of Viaggi Erbacci that aims at creating a group of people travelling together despite disabilities. Activities and workshops for children and parents enrich every journey thanks to the collaboration of Anna Maria Taroni, Art Therapist. Part of the gain of each experience will be donated to the Family Center of Faenza in order to support an Association, which gives help to people who suffered a bereavement.

The Municipality of Faenza gave the Patronage to the Project and we hope this new form of Tourism will expand in order to create a travel community where everyone is at ease and has the opportunity to get in touch of new form to experience Art, Culture and Nature.

Conclusive Experience: 10th – 11th of June

Arte Sella, Borgo Valsugana, Trentino Alto Adige

Arte Sella is an international outdoor exhibition of contemporary art set up in 1986 in the fields and woods of the Sella Valley (Val di Sella, municipality of Borgo Valsugana, province of Trento). Arte Sella is both a qualified exhibition of artistic works and, most importantly, an ongoing creative process in which art works can be actually followed as they grow and evolve. The artists are called upon to express a respectful relationship with nature and treat it as a source of inspiration. The works are usually three-dimensional and created using stones, leaves, branches and tree trunks. Craftsman-made objects, materials and colours are rarely used. All works are placed outdoor and can be admired while enjoying the different types of woods, stones and monumental trees in the surroundings, the artworks are left to decay thus becoming again part of nature's life cycle.
